Abandoning Caravans

If you wish to abandon your caravan please let the office know by 16th November, this way costs associated with storage, removal from pitch, site fees and any outstanding bills can be calculated. All abandoned caravans should be left with the main fittings, boilers, sofas, etc.

Removal of Caravans

To un-site and remove from the pitch, the cost will be £450 plus VAT.

Gas & Electric Tests

All Caravans are required to have a yearly Gas Safety Certificate and a 3-yr Electric Test. Contact the office if you require any help.

Drug Zero Tolerance

Please be aware the New Inn Caravan Park runs a zero tolerance policy when it comes to illegal drugs. If you are found with drugs in your possession anywhere on site or in the pub, you will be asked to leave the site and your caravan will be removed from its pitch and taken to the entrance of the site to await collection. You will then be charged for the removal.

This can be paid by BACS through the bank, Cash, Cheque payable to 'New Inn Caravan Park' or Debit Card either in person or over the phone (No Credit Cards please if possible).

Electric Cars

If you wish to charge your electric cars on site this must be done properly, not through a window plugged into an extension lead. An external socket must be put outside your caravan for safety and also insurance reasons.

For more information please contact either the office or Ash at Legbourne Electricians 07807 845241

Drain Downs

The site will close for the winter months on Monday 16th November 2026 at 4pm.

When you leave your caravan at the end of the season, please be sure to drain down and disconnect the water supply at the stop tap This is your responsibility.

Frost can cause expensive damage to undrained water systems and also check your insurance cover. We offer a drain down and reconnection service at a cost of £60.00 for non-central heated and £70.00 for central heated caravans which includes testing the strength of the antifreeze in the radiators.

This must be paid at time of booking, contact the office. Please book in 4-weeks before leaving.

We are also asking customers to turn the electric off in their caravans, as we cannot guarantee caravans will not trip after a power cut. Please do not turn off your electric in the main box outside, you only have access to these boxes in an emergency. Also we will still doing box upgrades over the winter so some caravans may have power turned off for a few days at a time.
